Working Together to Extend your Child's Learning at Home

As we work in partnership with parents/carers we ask that you continue to enhance your child's learning and development this week through sharing and exploring with some or all of the following activities which you can enjoy together:

- 🌲 Encourage your child to count objects around the home. Draw their attention to numerals in the environment, naming them and where possible, linking them to the correct number of objects.
- 🌲 Draw your child's attention to rhyming words in stories and in conversation. Encourage them to create nonsense rhyming strings.
- 🌲 Encourage your child to be independent when putting on their coat and shoes.

Please would you let us have any 'WOW Moment' forms and photos from any enhanced learning at home over the Christmas holidays?
